

IN THE SUPREME COURT OF THE STATE OF OREGON

State of Oregon,
Plaintiff-Respondent,
Respondent on Review,

v.

Brandon Tylor Kern,
Defendant-Appellant,
Petitioner on Review.

Oregon Court of Appeals
A180774

S071755

ORDER DISMISSING REVIEW AS IMPROVIDENTLY ALLOWED

Upon consideration by the court.

This court allowed review because the first and second questions presented raised important legal issues as to which an opinion by this court could benefit the public, bench, and bar. Upon closer examination of the record, however, the court dismisses review as improvidently allowed.
