(SSCI) of an impending televised interview of James Bamford by ABC News, and the impending release of his book *The Shadow Factory: The Ultra-Secret NSA from 9/11 to the Eavesdropping on America.* The subject of the interview was the allegation that NSA had engaged in improper intelligence activities. The allegation and book were based in part on allegations made last year by retired SGT Adrienne J. Kinne, a U.S. Army Reservist, who had been assigned to the Army Intelligence and Security Command at Fort Gordon, Georgia. Representatives from the NSA/CSS OIG, OGC, and Office of Legislative Affairs have since met with SSCI and HPSCI staffs to discuss the recent allegations of NSA misconduct by Ms. Kinne and former Navy Cryptologic Technican (Interpretive) Second Class Petty Officer David M. Faulk. NSA is investigating the claims of Mr. Faulk. The Department of the Army is investigating Ms. Kinne's claims.

(S//SI/NF) Also on 6 October 2008, NSA/CSS informed the Assistant to the Secretary of Defense for Intelligence Oversight of improper disposal of classified information technology equipment from NSA/CSS Texas.
